

Projects With Purpose

Rebuilding Communities • One Person • One Business • One Day at a Time

Projects With Purpose coordinates and facilitates **humanitarian projects** in the **New Orleans** area for corporations, businesses and organizations meeting in **the Crescent City**. The desire of PWP is to make your experience one that makes a lasting impact on all of your attendees. We'll search the area to find a project that fits with your needs and criteria. Then, once we've identified your project of choice, we'll do the rest!

It's an opportunity for team building, like no other, and truly an opportunity to leave your imprint in an area of great need.

What We Can Provide:

Team-building experience
Personal Build coordinator
Project assistants and hosts
Transportation to and from project site
City tours of storm-devastated areas with licensed tour guides
Water and other supplies including rain gear (if needed)
Lunch – under tents to cool down or stay dry
Closing ceremony to celebrate accomplishments

Additional Products / Services

Music
T-shirts
Photographer
Videographer

Types of Projects:

Building homes with New Orleans Habitat for Humanity
Refurbishing homes while working along-side home owners in St. Bernard Parish with the St. Bernard Project
Refurbishing schools and libraries with Extreme Classroom Makeover and Louisiana Recovery School District
New Landscaping for neighborhoods which once had lush foliage with Parkway Partners

There is neither a limit to the number of projects nor the types of projects available to your group in New Orleans.

Whether your group has time for a full day project or a half-day project, we can ensure you'll make a lasting impression and significant difference for whatever neighborhood you decide to offer help.

Cost: A customized proposal will be prepared for each client to include all products and services needed to fulfill each vision.

"Our volunteer day with Charlotte, Bill, Oliver and Jim was superb, and has received rave reviews. It energized the rest of the conference, brought the conference experience to another level and this can be directly attributed to the Musician's Village build. Thanks – it's been fantastic working with your group."
